

Learning Objective: To find the missing number in the addition sums to 20

Name _____

Date _____

Find the missing number in the addition sums.

$20 + \square = 20$

$14 + 5 = \square$

$17 + \square = 19$

$\square + 2 = 9$

$5 + 10 = \square$

$10 + \square = 20$

$2 + 14 = \square$

$\square + 6 = 9$

$7 + 5 = \square$

$4 + 6 = \square$

$\square + 7 = 8$

$0 + 13 = \square$

$4 + 16 = \square$

$13 + 5 = \square$

$5 + \square = 12$

$\square + 1 = 7$

$7 + 11 = \square$

$15 + 5 = \square$
