

Learning Objective: To find the missing number in the addition sums above 100

Name _____

Date _____

Find the missing number in the addition sums.

$220 + 700 = \square$

$790 + 7 = \square$

$\square + 319 = 339$

$110 + \square = 910$

$370 + 6 = \square$

$108 + \square = 128$

$645 + 50 = \square$

$576 + 400 = \square$

$330 + 90 = \square$

$\square + 434 = 440$

$865 + \square = 875$

$745 + 200 = \square$

$\square + 80 = 240$

$557 + 8 = \square$

$\square + 10 = 246$

$\square + 632 = 932$

$828 + 9 = \square$

$351 + \square = 391$

$438 + 60 = \square$

$\square + 856 = 956$
