

Learning Objective: To find the missing number in the addition sums to 100

Name _____

Date _____

Find the missing number in the addition sums.

$12 + 33 = \square$

$60 + 4 = \square$

$\square + 42 = 51$

$30 + \square = 100$

$\square + 5 = 98$

$6 + 5 + 7 = \square$

$85 + \square = 99$

$48 + 41 = \square$

$16 + 40 = \square$

$\square + 8 = 29$

$\square + 60 = 80$

$51 + 31 = \square$

$3 + \square = 87$

$74 + 25 = \square$

$33 + \square = 35$

$11 + \square = 58$

$26 + 48 = \square$

$\square + 54 = 64$

$\square + 22 = 77$

$4 + 8 + 9 = \square$
