

**Learning Objective: To find the missing number in the subtraction sums to 100**

Name \_\_\_\_\_

Date \_\_\_\_\_

Find the missing number in the subtraction sums.

$42 - 13 = \square$

$83 - 23 = \square$

$\square - 10 = 53$

$54 - 20 = \square$

$\square - 45 = 11$

$36 - 29 = \square$

$29 - \square = 3$

$42 - 35 = \square$

$\square - 70 = 10$

$84 - \square = 77$

$\square - 5 = 34$

$56 - 30 = \square$

$98 - \square = 91$

$66 - 52 = \square$

$\square - 30 = 10$

$50 - \square = 18$

$83 - 58 = \square$

$\square - 19 = 35$

$\square - 20 = 77$

$90 - 0 = \square$
