

Learning Objective: To find the missing number in the subtraction sums above 100

Name _____

Date _____

Find the missing number in the subtraction sums.

$$\square - 2 = 276$$

$$521 - 10 = \square$$

$$823 - \square = 623$$

$$755 - 9 = \square$$

$$355 - 50 = \square$$

$$905 - \square = 805$$

$$645 - 30 = \square$$

$$752 - \square = 759$$

$$199 - \square = 179$$

$$321 - 300 = \square$$

$$888 - \square = 988$$

$$971 - 30 = \square$$

$$276 - 100 = \square$$

$$557 - 8 = \square$$

$$\square - 10 = 314$$

$$988 - 80 = \square$$

$$455 - \square = 255$$

$$180 - 8 = \square$$

$$\square - 50 = 725$$

$$\square - 900 = 30$$
