

**Learning Objective: To know 2D shapes and their properties**

Cut out the cards. Use them to play a matching game or snap.

**Learning Objective: To know 2D shapes and their properties**

1 side  
0 corners  
0 right angles  
Infinite lines of symmetry

3 sides  
3 corners  
0 right angles  
3 lines of symmetry

4 sides  
4 corners  
4 right angles  
4 lines of symmetry

4 sides  
4 corners  
4 right angles  
4 lines of symmetry

**Learning Objective: To know 2D shapes and their properties**

5 sides

5 corners

0 right angles

5 lines of  
symmetry

6 sides

6 corners

0 right angles

6 lines of  
symmetry

7 sides

7 corners

0 right angles

7 lines of  
symmetry

8 sides

8 corners

0 right angles

8 lines of  
symmetry

circle

triangle

**Learning Objective: To know 2D shapes and their properties**

square

rectangle

pentagon

hexagon

heptagon

octagon
